## 2 What EuroSimE 2012 offers

After 12 successful editions of the EuroSimE conference, a thirteenth edition is planned in 2012. EuroSimE 2012 will address the results of both fundamental research and industrial applications for thermal, mechanical and thermo-mechanical solutions of (micro)-electronics, focusing on advanced simulations and experiments. For potential exhibitors, possibilities to present their products and/or expertise are:

- A full booth leg during the 3 days exhibition;
- Company leaflets displayed at the conference entrance and in the attendant bags;
- Should you want to sponsor EuroSimE, please let us know what could be possible for you, among cocktail party, pauses, proceedings edition, dinner etc.

If you choose to exhibit in any way at EuroSimE 2012, we also offer:

- **OPTIMAL INTERACTION.** For optimal interaction with the attendees, coffee breaks will be served in the exhibition conference area, close to the conference rooms and auditorium.
- **DINNER.** A gala dinner will be organised on the first conference day around 19h.
- **COCKTAIL PARTY.** A cocktail party will be organised on the second conference day.
- **FURNITURE.** Additional tables and chairs will be freely available.
- Fax, phones, photocopy are available within the venue at your cost. WiFi access is not yet confirmed.
- **LIST OF ATTENDANTS.** The list of attendants will be communicated to you (Excel file by email)

If you are interested to exhibit at EuroSimE 2012, please see contact information on last page.

## 3 Exhibition area

The exhibition will be held in parallel with the conference, in the very same area used for coffee breaks and posters. Full booth leg exhibitors will be provided with:

- tables and chairs
- power supply
- panels for posters (1.20 x 1.80m<sup>2</sup>)

You can ask for any additional item that you would need. The area allocated to you will be approximately 6 to 9 m<sup>2</sup>, depending on the final layout (tables for serving coffee breaks) and on the number of exhibitors.

Installation will be possible from Monday April 16<sup>th</sup>, from 7h30. Dismantling must be completed by Wednesday April 18<sup>th</sup> 17h00. If you plan to ship a portable stand, please do inform us so that we can make sure that your boxes can be accepted and stored by the venue.
